

Standard features for ROTZLER HZ winches

- High-quality planetary gearbox
- High-performance hydraulic motor
- Hydraulically ventilated spring-loaded multi-disc brake
- Dog clutch for uncoupling the gear train
- Slack rope free wheeling prevents unwinding of the loose rope

Good reasons for using a ROTZLER HZ

- Long product life and minimal maintenance effort
- Flexible integration in various vehicles
- Quick and easy installation
- Quality inspection in own ROTZLER-test-center guarantees reliability and safety in winch use
- ROTZLER installation service for perfect integration in vehicles

Civil Applications of ROTZLER HZ

Through its optimized installation dimensions, its low weight and great performance, the ROTZLER HZ is a powerful and reliable tool for pulling heavy loads. With a compact design and versatile options, the ROTZLER HZ enables flexible use e.g. in recovery and towing vehicles or low-loading trucks.

HZ	Rated pulling force					Max. required oil pressure bar	Max. oil volume l/min	Rope diameter mm	Rope length accumulated m (per layer)					Max. rope speed m/min (per layer)					Weight ca. kg
